

Sports Premium Funding 2025–26

At our school, we are passionate about ensuring every child has the chance to enjoy physical activity, build confidence, and develop lifelong healthy habits. The PE and Sport Premium grant helps us to achieve this by funding high-quality opportunities both in school and beyond.

In 2025–26, we received £16, 540 in funding. This was used to strengthen our PE provision and expand the range of activities on offer. A proportion of this money remains to be spent this coming year.

How we spent the funding:

- Extra-curricular opportunities – £1,331.50 supported a variety of after-school clubs and enrichment activities.
- Swimming – £665 provided top-up lessons and opportunities for pupils to gain vital swimming and water safety skills.
- Resources & platforms – £1,898.68 was invested in new equipment, membership fees, and online learning tools. £105 was spent on the annual service of equipment.
- External coaching – £7,909.39 brought specialist coaches into school, raising the quality of lessons and widening opportunities for pupils.

Impact:

This funding has allowed us to:

- Broaden access to sports clubs, ensuring more children are active outside of lessons.
- Support pupils in developing swimming confidence and water safety skills.
- Provide children with the chance to represent the school in competitions.
- Promote sustainable healthy lifestyles through active travel initiatives.
- Enhance PE delivery through expert coaching.

We are proud that the Sports Premium continues to help us inspire pupils to enjoy sport, stay healthy, and develop resilience through physical activity
